

## **G.A.I.C.**

### **January 17, 2007**

**Attendees:** *James Lamphere, Larry Anderson, Gwen Thorpe, Dennis Meyer, Michelle Zuhlke, Brian Pillard, Don Herz, Rita Cox, Terry Lowe, and Doug Thomas*

#### **Approval Of Minutes**

*The minutes for the months of September, October, and November were held over, due to lack of a quorum. The minutes for those months were approved with no changes. The December minutes were also approved without changes.*

#### **Statistics**

##### ***Web Trends (NT Stats)***

*Total NT Server hits were down more than 800,000, to a new total of just over 9.6 million for the month of December. The City Council had a significant increase of 147% to a new all time high of 452,024 hits. Public Works Web Cam hits increased by more than 100,000 to a total of 252,679. Planning also had an increase of over 100,000 hits which was an increase of 70%. The Elections Commission had a 63,000 decrease in hits which was expected, due to their high figures in November because of the election. All of the twelve surrounding Townships had decreases of more than 30% to a combined total of 21,468 total web hits.*

##### ***Mainframe***

*The Multiprise Web hits for December totaled 365,556, which was very similar to last months total. Water/Sewer continues to increase monthly with another all time high of 12,498 total hits for December.*

##### ***IMS/Images***

*The IMS/Image Server hits, which are generated from Crime Data and Parcel Location Applications, totaled nearly 800,000, which was an increase of more than 100,000 hits.*

##### ***CJIS***

*CJIS site hits were up slightly to 980,806. Accident Reports totaled 32,183 and Criminal Histories had 3,963 total hits.*

##### ***Contractor Hits***

*Contractor page hits continue to drop, more than likely due to the colder weather. The total Contractor hits total for December was 18,959.*

##### ***User Sessions***

*Total User Sessions were down by nearly 200,000 from the prior month to a total of 458,040. The most active day in December was on the 4<sup>th</sup>, and the least active was Christmas Day.*

#### **ePayments**

***Individual Verisign Activity***

*December had total collections in the amount of \$95,743.75 from a total of 2,438 non-tax transactions. Animal Control had 71 license renewals totaling \$1,583. There were 631 parking tickets paid on line in December totaling \$10,490. Criminal History reports were back up to 668 requests for a total of \$6,680 in collections. There were 14 Season Swimming Pool passes sold in December for \$1,943. Water/Sewer collections totaled \$75,047.75 from 1,054 on line payments.*

***Epos Activity - County Property Taxes***

*County Property taxes totaled \$447,431.25 from 171 paid transactions. We believe these numbers were higher, due to individuals paying before the end of the year for tax purposes.*

***Verisign Summary Activity***

*Total Verisign collections in December for the City were \$95,743.75, and the County's collections totaled \$447,431.25, with a combined total of \$543,175 from 2,609 paid transactions.*

**Appointments to GAIC**

*Michelle Zuhlke and James Lamphere are in the process of appointment renewals. New members to GAIC are Maura Kelly Tolzin with the Election Commission and John Glynn who is the new Deputy Clerk in the County Clerk's Office. Dennis is also in process of being appointed to replace Gwen.*

**Frequency of GAIC Meetings**

*The members who were present discussed and voted as to whether they should continue to meet monthly or start meeting bi-monthly. It was unanimously voted that the meetings will meet bi-monthly, with the next meeting being held in March. Doug plans to send monthly agendas, along with statistics on a monthly basis to the members. It was also mentioned that should the need be, a meeting could be called to order at any time.*

**Other Business*****Parks and Recreation***

*Work is being done to prepare systems for Parks and Recreation Shelter reservations and Golf reservations. The Golf reservations would enable individuals to reserve tee times, by entering a designated time desired and the system would bring up the courses that are available for that time. There are also other systems available for this type of set up. One that was mentioned was "Fore Tees", which is presently being used by Yankee Hills.*

***Parking Garage Pass Renewals***

*Chris is presently working on a system that would enable Parking Garage Passes to be reloaded on line with a credit card.*

**Wi-Linc**

*Wi-Linc is the wireless commission that is looking at the City/County wireless access. To date, there have been 2 surveys given, one which was public oriented that had 1000 participants, and the other was designed for private businesses to learn their perspectives, which more than 500 businesses within Lincoln had participated. Maps have also been created showing all of the public wireless hot spots.*

**Computer World Honors Program**

*Lincoln/Lancaster County has been nominated in the Government category as an entry for our Palm project. Palm is writing the entry submission, which we will then edit. Should we place in the top 250 entries, we will have one month to put the case study together.*

**Virtual Tour**

*We continue to work with Roundus for a free service that builds a virtual tour of our buildings. They shoot the 360 photos and give the user the ability to move around a floor with zoom and rotational controls. We would like the City/County Building online, along with the Kiosk application. Roundus is also working with the Library and Parks and Recreation to do virtual tours of those facilities. At Gwen's request we will get an okay from the County Sheriff, Police Department and Building Commission before rolling this out.*

**Next Meeting**

*March 21, 2007*
